STATE OF THE BAY

THEN & NOW

STATE OF THE BAY GOALS

1. Communicate the condition / health of the Georgian Bay Biosphere region as informed by multiple knowledges (two-eyed seeing);
2. Bring attention to research needs and knowledge gaps and actively pursue ways to fill those needs and gaps;
3. Inspire stewardship action (caretaking, protecting, restoring, enhancing); and
4. Showcase the work of partners!

LOOKING FORWARD TO SUMMER & FALL 2023

- Look for us at community events up and down the coast this summer!
- Interested in volunteering to help distribute copies of the magazine in your area? Contact kkrievins@gbbr.ca.
- Stay tuned for information about a fall State of the Bay Gathering!
